

Technical data

Lenght overall	5.34 mt
Inside lenght	4.18 mt
Beam overall	2.50 mt
Inside Beam	1.28 mt
Tube diameter	47-57 cm
Separate chambers	5
Tube Material	Hypalon neoprene
CE Category	C
Maximum number of persons	9
Recommended engine power (max)	90 (120) hp L
Fuel tank	95 lt in poliyethylene
Hull material	GRP
Hull Weight	350kg

Standard equipment

- Console with stainless steel black hand rail;
- Windscreen;
- Hydraulic steering and wheel;
- Switch panel;
- Navigation LED lights;
- Battery box and battery switch;
- Marine compass;
- Stainless steel black leaning post;
- Fuel system with blower and solenoid valve;
- Automatic bilge pump;
- 4 suspension hooks;
